

## County Recorders' Association of the State of California 2008 Document Reference and Indexing Manual

Are you having a problem in preparing and/or recording various legal documents associated with your real property-related transactions?

The County Recorders' Association of California has the answer.

We have developed and continue to maintain the Recorders' Document Reference and Indexing Manual. It provides the user with basic document requirements, what can or cannot be recorded, and definitions common to legal documentation and the recording process.

All Sections of the Manual have been appropriately updated and document titles have been cross-indexed to provide rapid location of specific recording and indexing information.

The Recorders' Document Reference and Indexing Manual is available in hard copy or CD-ROM (searchable PDF format). The County Recorders' Association of California strictly prohibits sharing the CD-ROM. In addition, a companion binder, appropriately imprinted, is available and provides handy storage for the hard copy version of your Manual.
